The Marc Mulvale Tree of Life

The West Midlands Adult Cystic Fibrosis Centre, at NHS Heartlands Hospital Birmingham, has recently been very kindly donated a spectacular 'Tree of Life' to help raise funds for our CF Centre and improve facilities for our many patients.

Please consider dedicating either a leaf, apple or character, in celebration or recognition and help support our charity:

Can you help encourage our tree to blossom?

Providing Excellent Care for Cystic Fibrosis

Our unique tree has over 320 leaves attached to it and sits proudly in the main reception area of our CF Centre. The tree enables businesses and private individuals to purchase a leaf and show their support for our patients, past and present, the dedicated CF medical teams and recognise the courage and strength demonstrated each day battling Cystic Fibrosis. The tree will also provide essential income for our charity for years to come.

Once you have selected your leaf and donation amount, you can choose your own message to be engraved on the leaf. Each leaf will remain on the tree for one year starting from July and January. After twelve months you can choose to renew your donation and keep the leaf on the tree or the CF Centre can return it back to you to keep. To celebrate the spirit of the Tree of life, in memory purchases should only depict a loved one's name.

Special apples and characters can be purchased on request.

The Marc Mulvale Tree of Life was designed by Jessica Ankreth, one of our patients, kindly crafted and donated by renowned blacksmith Stephen McRae and organised by the Mulvale family.
